Dear Avi Khunt

Congratulations on completing the Cisco® **Cybersecurity Essentials** course as part of the Cisco Networking Academy® program. This hands-on, lab-oriented course has prepared you for exciting career opportunities in the technology industry.

By completing this course you have earned a Certificate of Completion for Cybersecurity Essentials acquired competencies that include the following:

1. Describe the tactics, techniques and procedures used by cyber criminals.
2. Describe the principles of confidentiality, integrity, and availability as they relate to data states and cybersecurity countermeasures.
3. Describe technologies, products and procedures used to protect confidentiality, ensure integrity and provide high availability.
4. Explain how cybersecurity professionals use technologies, processes and procedures to defend all components of the network.
5. Explain the purpose of laws related to cybersecurity.

Technological literacy is more important today than ever before, and Cisco is proud to provide you with the knowledge and skills necessary to build and maintain computers.

Please accept my best wishes for your continued success.
Sincerely,

John Chambers
